

DUET

Harmony for your home.

Privacy when you want it.
Fresh air when you need it.

Duet combines a beautifully pleated honeycomb blind and retractable insect screen in one remarkably slim system.

Choose light-filtering comfort, complete blackout, insect-free ventilation – or simply retract both and enjoy the view.

DUET

Harmony for your home.

Two functions.
Complete control.

Duet combines a honeycomb blind and retractable insect screen in one remarkably slim system.

The honeycomb blind provides privacy and light control while helping reduce heat transfer for improved energy efficiency and comfort. Its compact design minimises the space required within the window reveal, with a choice of frame and fabric colours to complement your home.

LIGHT FILTERING

Softens daylight while maintaining your view.

BLOCKOUT

Complete darkness for rest, sleep and privacy.

ENERGY EFFICIENCY

Helps reduce heat transfer and energy costs.

ALL YEAR COMFORT

Comfort in every season, all year round.

One Elegant Solution.
